

Stainless Steel Titanium Sheet Metal Bending Parts ODM

Our Product Introduction

For more products please visit us on lathecnmachining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Shenzhen Industrial Man
- Certification: ISO9001: 2015
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- OEM/ODM: OEM ODM CNC Milling Turning Machining Service
- Material: Aluminum, Brass, Bronze, Copper, Stainless Steel
- Product Name: Stamping Bending Forming Car Seat Machining
- Micro Machining Or Not: Micro Machining
- Name: Sheet Metal Bending Parts
- Tolerance: 0.01-0.05mm
- Highlight: **ODM Sheet Metal Bending Parts,
titanium Sheet Metal Bending Parts,
ODM bending titanium sheet**

Product Description

Product Description:

Our Product Introduction

Shenzhen Industrial Man specializes in producing custom Sheet Metal Bending Parts with materials including Aluminum, Brass, Bronze, Copper, and Stainless Steel. Our sheet metal fabrication capabilities include precision stamping, bending, forming, and machining services. We offer both OEM ODM and CNC Milling Turning Machining services with full custom Sheet Metal Fabrication. Our CNC Sheet Metal Bending Machine and precision CNC Sheet Metal Bending Machine provide the highest quality and most cost-effective solution for your sheet metal bending needs.

Features:

Product Name: Sheet Metal Bending Parts

Brand Name: Shenzhen Industrial Man

Name: Sheet Metal Bending Parts

Tolerance: 0.01-0.05mm

Certification: ISO9001: 2015

OEM/ODM: OEM ODM CNC Milling Turning Machining Service

Keywords: Bending Sheet Metal Parts, CNC Sheet Metal Bending Machine, Bending Sheet Metal Parts, Sheet Metal Bending Parts

Technical Parameters:

Parameter	Details
Material	Aluminum, Brass, Bronze, Copper, Stainless Steel
Tolerance	0.01-0.05mm
Certification	ISO9001: 2015
Brand Name	Shenzhen Industrial Man
OEM/ODM	OEM ODM CNC Milling Turning Machining Service
Micro Machining	Micro Machining
Product name	Stamping Bending Forming Car Seat Machining
Name	Sheet Metal Bending Parts
Model Number	Stamping Bending Forming Car Seat Machining
Keywords	CNC Sheet Metal Bending Machine, Custom Sheet Metal Fabrication, CNC Sheet Metal Bending Machine, Custom Sheet Metal Fabrication, Sheet Metal Bending Parts

Applications:

Industrial Man's CNC Sheet Metal Bender Parts are the perfect choice for a wide range of applications, including car seat machining, stamping, bending, and forming. With an excellent tolerance range of 0.01-0.05mm, these parts provide exceptionally precise and accurate results. Our parts are also designed to be highly durable and reliable, making them suitable for both OEM and ODM CNC milling turning machining services. Additionally, our CNC Sheet Metal Bender Parts feature micro-machining capabilities, allowing them to be used for more complex projects. Whether you need to bend, form, or stamp metal parts, Industrial Man's CNC Sheet Metal Bender Parts are the perfect choice for a variety of projects.

Customization:

Customized Sheet Metal Bending Service

Brand Name: Shenzhen Industrial Man

Model Number: Stamping Bending Forming Car Seat Machining

Place of Origin: Guangdong, China

Tolerance: 0.01-0.05mm

Product name: Stamping Bending Forming Car Seat Machining

Name : Sheet Metal Bending Parts

Specialized in Bending Sheet Metal Parts, CNC Sheet Metal Bender, CNC Sheet Metal Bender

Support and Services:

Technical Support and Service for Sheet Metal Bending Parts

At XYZ, we provide technical support and after-sales service for sheet metal bending parts to ensure that we meet your needs and expectations. Our team of experienced professionals can provide you with assistance in a variety of areas, such as:

Design and engineering assistance

Inspection and testing of parts

Installation and maintenance

Troubleshooting and repair

Product upgrades

We also offer training programs and seminars to help you develop your skills and knowledge about sheet metal bending parts. Our team is committed to providing you with the best customer service and support possible.

Packing and Shipping:

Packaging and Shipping of Sheet Metal Bending Parts

Sheet metal bending parts are carefully packaged to ensure they arrive safely and in perfect condition. Each part is wrapped in bubble wrap and placed in a cardboard box or other suitable container. The containers are then placed in a larger carton with additional

protective material to ensure safe transit.

Sheet metal bending parts can be shipped via ground, air or sea. Ground shipments are typically the least expensive and take the longest time, while air and sea shipments are more expensive but faster. Depending on the size and weight of the order, shipping may be done by individual carriers or through a freight forwarder.

FAQ:

Q: What is the brand name of the Sheet Metal Bending Parts?

A: The brand name is Industrial Man.

Q: What is the model number of the Sheet Metal Bending Parts?

A: The model number is OEM.

Q: Where are the Sheet Metal Bending Parts manufactured?

A: The Sheet Metal Bending Parts are manufactured in Guangdong, China.

Q: What is the material used for Sheet Metal Bending Parts?

A: The material used for Sheet Metal Bending Parts varies depending on the product.

Q: What is the size of the Sheet Metal Bending Parts?

A: The size of the Sheet Metal Bending Parts varies depending on the product.
