

## ODM Pressure Vacuum Casting Products CNC Machining

Our Product Introduction

For more products please visit us on [lathecncmachining.com](http://lathecncmachining.com)

### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: INDUSTRIAL-MAN
- Certification: IATF 16949: 2016/ISO 9001:2015
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 3-7 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 500Pcs/ Month

### Product Specification

- OEM/ODM: Available
- Tolerance: 0.01- +/-0.005mm
- Type: Broaching, DRILLING, Laser Machining, Milling, Turning, Wire EDM, Rapid Prototyping
- Equipment: CNC Machining Vacuum Cating
- Drawing Format: IGS STP STL
- Surface Treatment: Customer's Request
- Highlight: **ODM vacuum casting products,**  
**ODM CNC vacuum casting products,**  
**ODM vacuum pressure casting**

### Product Description

**Product Description:**

Our Pr

INDUSTRIAL-MAN Vacuum Casting Metal is a fast and cost effective way to turn your ideas into high-quality metal parts. This process uses vacuum investment casting to create precise, intricate parts with precision tolerance of 0.01- +/-0.005mm. We use CNC machining and vacuum casting processes to produce parts with complex geometries and tight tolerances. We accept IGS, STP, STL and other drawing formats. From broaching and drilling to laser machining, milling, turning and wire EDM, our vacuum formed metal services offer a wide range of capabilities for prototyping and production needs. Our Vacuum Casting Metal service can offer short lead times and quick turnarounds with rapid prototyping.

### Features:

Product Name: Vacuum Casting Metal  
Type: Broaching, DRILLING, Laser Machining, Milling, Turning, Wire EDM, Rapid Prototyping  
Drawing Format: IGS STP STL  
Surface treatment: Customer's Request  
OEM/ODM: Available  
Brand Name: INDUSTRIAL-MAN  
Process: Vacuum Investment Casting, Vacuum Casting Process, Vacuum Pressure Casting

### Technical Parameters:

Parameter	Value
OEM/ODM	Available
Brand Name	INDUSTRIAL-MAN
Tolerance	0.01- +/-0.005mm
Type	Broaching, DRILLING, Laser Machining, Milling, Turning, Wire EDM, Rapid Prototyping
Drawing Format	IGS STP STL
Certification	IATF 16949: 2016/ISO 9001:2015
Surface Treatment	Customer's Request
Equipment	CNC Machining Vacuum Casting
Vacuum Assisted Casting	Yes
Vacuum Investment Casting	Yes
Vacuum Die Casting	Yes

### Applications:

INDUSTRIAL-MAN is a global leader in providing Vacuum Metal Casting, Vacuum Die Casting and Vacuum Assisted Casting services. With OEM/ODM services and advanced technology from Guangdong, China, our products offer a wide range of services, including Broaching, DRILLING, Laser Machining, Milling, Turning, Wire EDM and Rapid Prototyping. We also provide our customers with custom surface treatment and Drawing Format such as IGS STP STL. Our Vacuum Metal Casting, Vacuum Die Casting and Vacuum Assisted Casting services are widely used in a variety of industries, such as automotive, aerospace, electronics, medical and industrial. Our products are ideal for creating prototypes, manufacturing molds and producing parts with complex geometries. If you are looking for a reliable Vacuum Metal Casting, Vacuum Die Casting and Vacuum Assisted Casting solution, look no further than INDUSTRIAL-MAN. We are committed to providing the highest quality products and services at competitive prices. Our experienced team of professionals are dedicated to providing excellent customer service and satisfaction.

### Customization:

Vacuum Casting Metal  
Industrial Man offers high-quality Vacuum Casting Metal products, with a wide range of customization options. Our products are designed to meet the highest quality standards, allowing us to ensure superior performance for all your casting needs.  
Brand Name: Industrial Man  
Model Number: OEM  
Place of Origin: Guangdong, China  
Surface treatment: Customer's Request  
Certification: IATF 16949: 2016/ISO 9001:2015  
OEM/ODM: Available  
Equipment: CNC Machining Vacuum Cating  
Drawing Format: IGS STP STL  
We specialize in Vacuum Investment Casting, Vacuum Die Casting, and Vacuum Pressure Casting. Our experienced team is dedicated to providing you with the highest quality products and services to meet your specific needs.

### Support and Services:

Our Vacuum Casting Metal products come with technical support and service from our experienced technicians. We offer a wide range of services to ensure that your product continues to operate in a safe and efficient manner. These services include:  
Installation and setup assistance  
Troubleshooting and repair  
Regular maintenance and inspection  
Software and firmware updates  
Parts replacement  
Technical advice and consultation  
We also offer extended warranties on select Vacuum Casting Metal products to protect your purchase and provide peace of mind. Our experts are available to answer any questions you may have about the product or our services.

## Packing and Shipping:

---

Vacuum Casting Metal Packaging and Shipping:

Each product is individually wrapped in plastic to prevent damage during shipping.

The products are then placed in a cardboard box with foam padding for further protection.

The box is securely sealed and labeled with the product information before shipping.

## FAQ:

---

Q: What is Vacuum Casting Metal?

A: Vacuum Casting Metal is a process of forming metal parts by pouring molten metal into a mold or a die. Industrial Man's Vacuum Casting Metal is made of high quality metal material with model number OEM and origin from Guangdong, China.

Q: What are the benefits of Vacuum Casting Metal?

A: Vacuum Casting Metal is cost-effective and can produce complex shapes or thin walls that other processes cannot. It also has excellent surface finish, good dimensional accuracy and consistent quality.

Q: What materials can be used for Vacuum Casting Metal?

A: Industrial Man's Vacuum Casting Metal is made of high quality metal materials, including aluminum, stainless steel, brass, bronze, and magnesium.

Q: What is the tolerance of Vacuum Casting Metal?

A: Industrial Man's Vacuum Casting Metal provides high dimensional accuracy and can reach tolerance range of 0.05mm to 0.2mm.

Q: What is the lead time of Vacuum Casting Metal?

A: Industrial Man's Vacuum Casting Metal usually takes about 3-5 days to complete the process. The lead time may vary depending on your product design and material.
