

OEM Precision CNC Plastic Machining Prototype Machining Components

Our Product Introduction

For more products please visit us on lathecnmachining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial-Man
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- Name: CNC Auto Parts
- Plastic Material: ABS, PP, POM, PC, Acrylic, Rubber, Foam, Nylon, Glass Fiber
- Process: CNC Macining, Vacuum Casting...
- Surface Treatment: Polishining, Painting, Andozing, Silk Creening, Sanblasting, Texture
- Application: Prototype Development, Low-Volume Production & Rapid Tooling
- Service: CNC Plastic/Metal Prototype Machining
- Highlight: **cnc plastic machining prototype Machining, Precision cnc plastic machining prototype, OEM precision machining components**

Product Description

Product Description:

Our Pr

CNC Automatic Parts, also known as Computer Numerical Parts, are precision machined parts that are used in a variety of industries. CNC Automatic Parts are ideal for Prototype Development, Low-Volume Production, and Rapid Tooling. Our CNC Automatic Parts are machined using a wide range of materials, including ABS, PP, POM, PC, Acrylic, Rubber, Foam, Nylon, Glass Fiber, Aluminum, Brass, Bronze, Copper, and Steel. Our CNC Automatic Parts are manufactured in China with the highest quality standards, ensuring that the products meet the needs of our customers.

Features:

Product Name: CNC Auto Parts

Brand Name: Industrial-Man

Metal Material: Aluminum, Brass, Bronze, Copper, Steel...

Equipment: CMM, CNC (5 Axis) Machines, CNC Mill & Turn & Lathe, Wire Cutter, RIM

Surface treatment: Polishing, Painting, Anodizing, Silk Creening, Sandblasting, Texture

Process: CNC Machining, Vacuum Casting...

Keywords: High-Precision Components, Computer Numerical Parts, Digital Mechanical Parts

Technical Parameters:

Name	Technical Parameters
Metal Material	Aluminum, Brass, Bronze, Copper, Steel...
Application	Prototype Development, Low-Volume Production & Rapid Tooling
Service	CNC Plastic/Metal Prototype Machining
Plastic Material	ABS, PP, POM, PC, Acrylic, Rubber, Foam, Nylon, Glass Fiber
Micro Machining or Not	Not Micro Machining
Type	Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Rapid Prototyping, Turning, Wire EDM
Name	CNC Auto Parts
Surface treatment	Polishing, Painting, Anodizing, Silk Creening, Sandblasting, Texture
Brand Name	Industrial-Man
Place of Origin	Guangdong, China
High-Precision Components	Automated Machined Parts, Computerized Components

Applications:

CNC Auto Parts, produced by Industrial-Man with OEM model number, are manufactured in Guangdong, China. They are made of different materials such as ABS, PP, POM, PC, Acrylic, Rubber, Foam, Nylon, and Glass Fiber. CNC Auto Parts offer various services such as CNC Plastic/Metal Prototype Machining and Not Micro Machining. The equipment used in the production of the parts includes CMM, CNC(5 Axis) Machines, CNC Mill & Turn & Lathe, Wire Cutter, and RIM, which guarantee the quality and accuracy of the CNC Automatic Parts. Other benefits of CNC Auto Parts are their high precision, durability, and speed. CNC Auto Parts are widely used in various industries, such as automotive, medical, aerospace, and construction, because of their reliable performance and excellent quality.

Customization:

Introducing Industrial Man's CNC Auto Parts, an OEM product for producing automated machined parts, high-precision components, and computer numerical parts. Our CNC auto parts are made with the highest quality materials, including ABS, PP, POM, PC, Acrylic, Rubber, Foam, Nylon, and Glass Fiber. Our CNC auto parts are suitable for prototype development, low-volume production, and rapid tooling. Manufacturing processes include broaching, drilling, etching/chemical machining, laser machining, milling, other machining services, rapid prototyping, turning, and wire EDM.

Support and Services:

CNC Auto Parts Technical Support and Service

We provide professional technical support and service for CNC Auto Parts products. Our highly trained and experienced engineers are available to answer your questions and provide guidance on the installation, operation and maintenance of our products. We also offer technical advice on the use and application of our products. We guarantee to provide a fast, efficient and friendly service.

We also offer a wide range of after-sales services, such as repairs, spare parts, maintenance and upgrades. We are committed to providing our customers with high quality products and services, and to ensure that our products are always up to the highest standards.

If you have any questions or need any help with your CNC Auto Parts products, please contact our technical support team today.

...

Packing and Shipping:

Packaging and Shipping for CNC Auto Parts

CNC Auto Parts are carefully packaged and shipped in a secure, professional manner to ensure that they arrive safely and on time.

We use custom-designed cardboard boxes for our parts, which are fitted with foam padding to protect them during transit. All boxes are labeled clearly with the part name and description. For larger orders, additional cardboard boxes may be used to ensure that all parts are safely secured.

For international orders, we use a registered courier service to ensure that the package is delivered to its destination safely. Our team carefully records the tracking number and monitors the package throughout its journey.

FAQ:

Q: What is the brand name of this product?

A: The brand name of this product is Industrial Man.

Q: What is the model number of this product?

A: The model number of this product is OEM.

Q: Where is this product made?

A: This product is made in Guangdong, China.

Q: What type of product is this?

A: This is a CNC Auto Parts product.

Q: What materials are used to make this product?

A: This product is made of high quality materials for long-lasting durability.
