

Plastic Metal Prototype Machining CNC Auto Parts Service

Our Product Introduction

For more products please visit us on lathecnmachining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial-Man
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- Process: CNC Macining, Vacuum Casting...
- Equipment: CMM, CNC(5 Axis) Machines, CNC Mill & Turn & Lathe, Wire Cutter, RIM
- Plastic Material: ABS, PP, POM, PC, Acrylic, Rubber, Foam, Nylon, Glass Fiber
- Application: Prototype Development, Low-Volume Production & Rapid Tooling
- Surface Treatment: Polishining, Painting, Andozing, Silk Creening, Sanblasting, Texture
- Metal Material: Aluminum, Brass, Bronze, Copper, Steel...
- Type: Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Rapid Prototyping, Turning, Wire EDM
- Hiahlight: **CNC Auto Parts Service.**

Product Description

Product Description:

Our Product Introduction

CNC Auto Parts, manufactured by Industrial-Man, are digital mechanical parts created with the help of Computer Numerical Control (CNC) machining technology. These parts are machined from a variety of metals, including aluminum, brass, bronze, copper, and steel. CNC Auto Parts can be used for a variety of applications, from prototype development and rapid tooling to low-volume production. Industrial-Man offers several machining services for CNC Auto Parts, including broaching, drilling, etching and chemical machining, laser machining, milling, turning, and wire EDM. These parts do not require micro machining.

Features:

Product Name: CNC Auto Parts
Brand Name: Industrial-Man
Surface treatment: Polishing, Painting, Anodizing, Silk Creening, Sandblasting, Texture
Plastic Material: ABS, PP, POM, PC, Acrylic, Rubber, Foam, Nylon, Glass Fiber
Process: CNC Machining, Vacuum Casting...
Application: Prototype Development, Low-Volume Production & Rapid Tooling
Keywords: Computer Numerical Parts, High-Precision Components, Digital Mechanical Parts

Technical Parameters:

Property	Description
Plastic Material	ABS, PP, POM, PC, Acrylic, Rubber, Foam, Nylon, Glass Fiber
Application	Prototype Development, Low-Volume Production & Rapid Tooling
Equipment	CMM, CNC(5 Axis) Machines, CNC Mill & Turn & Lathe, Wire Cutter, RIM
Brand Name	Industrial-Man
Surface treatment	Polishing, Painting, Anodizing, Silk Creening, Sandblasting, Texture
Service	CNC Plastic/Metal Prototype Machining
Metal Material	Aluminum, Brass, Bronze, Copper, Steel...
Process	CNC Machining, Vacuum Casting...
Type	Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Rapid Prototyping, Turning, Wire EDM
Name	CNC Auto Parts
Keywords	Automated Machined Parts, Computer Numerical Parts, CNC Automatic Parts

Applications:

Industrial Man's CNC Auto Parts are the perfect solution for computerized components and digital mechanical parts. Manufactured using the highest quality materials and advanced CNC Machining, Vacuum Casting, Broaching, DRILLING, Etching/Chemical Machining, Laser Machining, Milling, Other Machining Services, Rapid Prototyping, Turning and Wire EDM processes, our CNC Auto Parts are designed to last. We provide a range of surface treatment options including Polishing, Painting, Anodizing, Silk Creening, Sandblasting and Texture. Our CNC Auto Parts are also available in ABS, PP, POM, PC, Acrylic, Rubber, Foam, Nylon, and Glass Fiber materials. Model Number: OEM.

Customization:

Custom CNC Auto Parts Service by Industrial Man
Industrial Man provides custom CNC auto parts service with the following features:
Brand Name: Industrial Man
Model Number: OEM
Place of Origin: Guangdong, China
Process: CNC Machining, Vacuum Casting and more
Metal Material: Aluminum, Brass, Bronze, Copper, Steel and more
Application: Prototype Development, Low-Volume Production & Rapid Tooling
Surface treatment: Polishing, Painting, Anodizing, Silk Creening, Sandblasting, Texture
Computerized Components, Digital Mechanical Parts, Automation Components

Support and Services:

We provide technical support and services for CNC Auto Parts. Our team of experts is here to help you make the most of your product. We are available 24/7 via phone, email or chat to provide you with personalized assistance and answer any questions you might have. We also offer a variety of tutorials and how-to guides online to help you get started. Our goal is to make sure you get the most out of your product and have an enjoyable experience.

Packing and Shipping:

Packaging and Shipping of CNC Auto Parts
CNC Auto Parts will be packaged in a manner to ensure that they are adequately protected during shipping. All products will be securely packaged in corrugated material and sealed with tape to help protect against any potential damage. Additionally, products will be labeled with a barcode and other identifying information.
CNC Auto Parts will be shipped using a reputable carrier. Orders will be delivered within the timeframe stated at the time of purchase. Tracking information will be provided to the customer once the order has been shipped.

FAQ:

Q: What is Industrial Man's CNC auto parts?

A: Industrial Man's CNC auto parts is a series of products with OEM Model Number. The products are manufactured in Guangdong, China.

Q: What is the material of Industrial Man's CNC auto parts?

A: Industrial Man's CNC auto parts are made of high-quality materials, such as aluminum alloy, stainless steel, etc.

Q: How does Industrial Man's CNC auto parts perform?

A: Industrial Man's CNC auto parts are designed for high precision and superior performance, ensuring accuracy and reliability.

Q: What is the delivery time of Industrial Man's CNC auto parts?

A: Industrial Man's CNC auto parts are usually delivered within 3 to 5 days.

Q: What is the warranty period of Industrial Man's CNC auto parts?

A: Industrial Man's CNC auto parts come with a 12-month warranty.
