

Oem Sanblasting Sheet Metal Welding Parts CNC Machining

Our Product Introduction

For more products please visit us on lathecnrmachining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- Process: CNC Macining, Vacuum Casting...
- Plastic Material: ABS, PP, POM, PC, Acrylic, Rubber, Foam, Nylon, Glass Fiber
- Application: Prototype Development, Low-Volume Production & Rapid Tooling
- Surface Treatment: Polishining, Painting, Andozing, Silk Creening, Sanblasting, Texture
- Service: CNC Plastic/Metal Prototype Machining
- Equipment: CMM, CNC(5 Axis) Machines, CNC Mill & Turn & Lathe, Wire Cutter, RIM
- Micro Machining Or Not: Not Micro Machining
- Highlight: **Sanblasting Sheet Metal Welding Parts, Sheet Metal Welding Parts CNC Machining, oem cnc machining parts Sanblasting**

Product Description

Product Description:

Our Product Introduction

Customized Aluminum CNC Machining Service provides welded sheet metal parts with high precision and quality. Utilizing advanced CNC (5 Axis) machines, CMM, CNC Mill & Turn & Lathe, Wire Cutter and RIM, our experienced technicians are able to produce excellent welded sheet metal parts with various surface treatments such as Polishining, Painting, Andozing, Silk Creening, Sanblasting and Texture. We provide various plastic materials such as ABS, PP, POM, PC, Acrylic, Rubber, Foam, Nylon and Glass Fiber for our welded sheet metal parts. Our sheet metal welding parts are well-known for their durability and reliability. As a professional aluminum CNC machining service, we strive to provide our customers with the highest quality sheet metal welding parts.

Features:

Product Name: Sheet Metal Welding Parts
Surface treatment: Polishining, Painting, Andozing, Silk Creening, Sanblasting, Texture
Keyword: Automotive, Medical, Digital Prototyping, Appliance Prototyping
Service: CNC Plastic/Metal Prototype Machining
Application: Prototype Development, Low-Volume Production & Rapid Tooling
Equipment: CMM, CNC(5 Axis) Machines, CNC Mill & Turn & Lathe, Wire Cutter, RIM
Welded Sheet Metal Parts, Sheet Metal Parts, Sheet Metal Products, Sheet Metal Fabrication

Technical Parameters:

Product Attributes	Description
Equipment	CMM, CNC(5 Axis) Machines, CNC Mill & Turn & Lathe, Wire Cutter, RIM
Plastic Material	ABS, PP, POM, PC, Acrylic, Rubber, Foam, Nylon, Glass Fiber
Micro Machining or Not	Not Micro Machining
Process	CNC Macining, Vacuum Casting...
Place of Origin	Guangdong, China
Model Number	CNC Machining Aluminum
Keyword	Automotive, Medical, Digital Prototyping, Appliance Prototyping
Service	CNC Plastic/Metal Prototype Machining
Brand Name	Customized Aluminum CNC Machining Service
Type	Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Rapid Prototyping, Turning, Wire EDM
Sheet Metal Parts	Welded Sheet Metal Parts, Sheet Metal Parts Welding

Applications:

Industrial Man is a professional manufacturer of sheet metal welding parts, supplying customers with high-quality sheet metal parts that meet their exact needs. Our sheet metal welding parts are made using the latest CNC machining and aluminum processing technologies, and provide excellent strength and durability. We offer a variety of surface treatments, such as polishining, painting, andozing, silk creening, sanblasting, and texture, to ensure that our sheet metal welding parts match your exact specifications. Our experienced staff can provide you with a full range of services, from CNC plastic and metal prototyping to vacuum casting and more, to ensure you get the perfect metal parts for your project.

At Industrial Man, we are committed to providing our customers with the best sheet metal welding parts available. Our advanced CNC machining techniques and high-grade aluminum materials produce sheet metal parts that are incredibly strong and durable, so you can be sure your project will stand the test of time. Our experienced team works closely with you to make sure that your sheet metal welding parts meet all of your specifications, and we guarantee our work with a satisfaction guarantee.

If you're looking for a reliable sheet metal welding parts manufacturer, look no further than Industrial Man. We are dedicated to providing you with the best quality parts at competitive prices, and our experienced team is always ready to help you find the perfect parts for your project. Contact us today to learn more about our sheet metal welding parts.

Customization:

Customized Sheet Metal Welding Parts Service
Brand Name: Customized Aluminum CNC Machining Service
Model Number: OEM
Place of Origin: Guangdong, China
Application: Prototype Development, Low-Volume Production & Rapid Tooling
Service: CNC Plastic/Metal Prototype Machining
Micro Machining or Not: Not Micro Machining
Metal Material: Aluminum, Brass, Bronze, Copper, Steel...
Welded Sheet Metal Parts: Sheet Metal Welding Parts, Welded Sheet Metal Parts, Sheet Metal Welded Parts

Support and Services:

Technical Support and Service for Sheet Metal Welding Parts

We offer a comprehensive technical support and service package for our sheet metal welding parts. Our team of skilled technicians is available to provide timely advice and solutions to any problems you may encounter. We provide on-site visits and maintenance services to ensure that your welding parts are operating at their full potential. We also provide a variety of training courses to help you make the most of your sheet metal welding parts.

Our technical support team is dedicated to helping you get the most out of your sheet metal welding parts. We provide in-depth technical advice and assistance to help you understand the intricacies of working with this type of machinery. We also provide technical documentation and troubleshooting guidance to help you get the job done quickly and efficiently.

We understand that when you are dealing with sheet metal welding parts, you need to have access to reliable service and support. We are committed to providing you with the highest level of service and support. Our team of technicians is available to answer any questions you may have and assist you with any issues you may face. We are dedicated to helping you get the most out of your sheet metal welding

parts.

Packing and Shipping:

Packaging and Shipping for Sheet Metal Welding Parts:

The parts will be securely packaged in cardboard boxes, bubble wrap, and/or foam inserts, depending on the size/weight of the parts.

All packages will be labeled and marked with the customer's name, address, and order information.

Shipping will be done via a reliable carrier (UPS, FedEx, DHL, etc.) and the customer will be informed of the tracking number.

Delivery time will vary depending on the location.

FAQ:

Q1: What is the brand name of Industrial Man's Sheet Metal Welding Parts?

A1: The brand name of Industrial Man's Sheet Metal Welding Parts is Industrial Man.

Q2: What is the model number of Industrial Man's Sheet Metal Welding Parts?

A2: The model number of Industrial Man's Sheet Metal Welding Parts is OEM.

Q3: Where is the origin of Industrial Man's Sheet Metal Welding Parts?

A3: The origin of Industrial Man's Sheet Metal Welding Parts is Guangdong, China.

Q4: What material is used for Industrial Man's Sheet Metal Welding Parts?

A4: Industrial Man's Sheet Metal Welding Parts are usually made from stainless steel, aluminum, carbon steel and other materials.

Q5: What is the application of Industrial Man's Sheet Metal Welding Parts?

A5: Industrial Man's Sheet Metal Welding Parts are mainly used in industrial, mechanical, automotive and other fields.
