

5 Axis CNC Prototype Precision Sheet Metal Stamping Mini Car Model

Our Product Introduction

For more products please visit us on lathecnmachining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial-Man
- Certification: IATF 16949: 2016/ISO 9001:2015
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- Surface Treatment: Painting;chrome Plating;slik Screen;polish;highly Polished Etc
- Item: Plastic Cnc Mini Car Model For Prototype
- Equipment: CMM, CNC(5 Axis) Machines, CNC Mill & Turn & Lathe, Wire Cutter, RIM
- Micro Machining Or Not: Micro Machining
- Highlight: **5Axis CNC Precision Sheet Metal Stamping, CNC Prototype Precision Sheet Metal Stamping, 5Axis prototype sheet metal stamping**

Product Description

Product Description:

Industrial-Man's CNC Car Model is a highly-polished plastic CNC mini car model for prototype. It is made with premium quality materials and processed with CNC(5 Axis) Machines, CNC Mill & Turn & Lathe, Wire Cutter, RIM and other advanced equipments. The surface treatment of this product includes painting, chrome plating, silk screen and polish. Industrial-Man is dedicated to providing CNC Turning Parts, CNC Hardware Parts, CNC Turned Components and CNC Milling Parts with the highest level of precision and quality. It is made in Guangdong, China, a place with rich experience and long-standing expertise in CNC Car Model production.

Features:

Product Name: CNC Car Model

Item: Plastic Cnc Mini Car Model For Prototype

Surface treatment: Painting;chrome Plating;slik Screen;polish;highly Polished Etc

Equipment: CMM, CNC(5 Axis) Machines, CNC Mill & Turn & Lathe, Wire Cutter, RIM

Brand Name: Industrial-Man

Micro Machining or Not: Micro Machining

CNC Turned Components

CNC Medical Parts

CNC Turning Parts

Technical Parameters:

Parameter	Value
Surface treatment	Painting;chrome Plating;slik Screen;polish;highly Polished etc.
Item	Plastic Cnc Mini Car Model For Prototype
Micro Machining or Not	Micro Machining
Equipment	CMM, CNC(5 Axis) Machines, CNC Mill & Turn & Lathe, Wire Cutter, RIM
Brand Name	Industrial-Man
Place of Origin	Guangdong, China
Keywords	German Made CNC Machines, CNC Turned Components, German Made CNC Machines, CNC Lathe

Applications:

Industrial-Man is an innovative brand in the field of CNC car models. Its model number OEM is made of high-quality materials, and it is produced in Guangdong, China. It features CNC (5 Axis) Machines, CNC Mill & Turn & Lathe, Wire Cutter, RIM and other advanced equipment, which can provide precision micro machining services. Its plastic CNC mini car model is the perfect prototype for customers. It is a perfect combination of CNC Turning Parts, CNC Turned Components, and CNC Turned Components Manufacturing, which can meet the customer's needs.

Customization:

Customized CNC Car Model from Industrial Man

Industrial Man is a leading manufacturer of CNC Car Model with Model Number OEM. Our CNC Car Model is made in Guangdong, China with Micro Machining capabilities. We have various surface treatments such as Painting, Chrome Plating, Silk Screen, Polish and Highly Polished. The item is a Plastic CNC Mini Car Model for Prototype. We use CMM, CNC (5 Axis) Machines, CNC Mill & Turn & Lathe, Wire Cutter and RIM for our CNC Car Model.

We specialize in CNC Medical Parts, CNC Engineering Machine Parts, CNC Turning Parts, CNC Milling Parts and more. Please contact us for more information and for a quote.

Support and Services:

CNC Car Model provides technical support and services to help customers get the most out of their products.

We are committed to ensuring customer satisfaction by providing the best technical support and service available. Our technical support team is available to answer any questions or concerns that you may have regarding your CNC Car Model product.

We provide a wide range of services including troubleshooting, installation, software updates, and product maintenance. Our technical staff is highly trained and experienced in all aspects of CNC Car Model product, and they will be able to answer any questions you may have.

We also offer training services to help you become more familiar with the product and its features. This can help you get more out of your CNC Car Model product and help you maximize its potential.

Our customer service team is also available to help you with any issues or questions that you may have. We are committed to providing the best customer service experience to ensure your satisfaction.

Packing and Shipping:

;

FAQ:

Q: What is the brand of the CNC Car Model?

A: The CNC Car Model is made by Industrial Man.

Q: What is the model number of the CNC Car Model?

A: The model number is OEM.

Q: Where is the CNC Car Model from?

A: The CNC Car Model is from Guangdong, China.

Q: What is the purpose of the CNC Car Model?

A: The CNC Car Model is designed for educational purposes to teach students the fundamentals of CNC technology.

Q: What are the features of the CNC Car Model?

A: The CNC Car Model features a highly accurate, 3-axis CNC milling machine with software and hardware components. It has a compact design and is suitable for a wide variety of educational applications.
