

Customized CNC Machining Metal Parts Machinery Parts Manufacturer in China Custom CNC Machining Service

Our Product Introduction

for more products please visit us on lathecnmachining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Shenzhen Industrial Man
- Certification: ISO9001:2015 IATF16949:2016
- Model Number: OEM
- Minimum Order Quantity: 1PC
- Price: Negotiable
- Packaging Details: As the requirement of customer
- Delivery Time: 7-15 work days
- Payment Terms: L/C,D/A,D/P,T/T,Western Union,MoneyGram
- Supply Ability: 100000Pcs/ Month

Product Specification

- Highlight: Custom CNC Machining Metal Parts, Machinery Parts CNC Machining, China CNC Machining Metal Parts

Product Description

One of the key advantages of our CNC milling process is its unparalleled accuracy, allowing us to produce parts with tight tolerances and intricate designs. This capability is essential for industries such as aerospace, automotive, and medical devices, where precision is critical. Additionally, our advanced CNC machines can handle a wide range of materials, enabling us to meet diverse project requirements. We pride ourselves on offering customized solutions tailored to the specific needs of our clients. Our dedicated team collaborates closely

Our

with customers throughout the project lifecycle, ensuring that every component is manufactured to their exact specifications. With efficient production workflows, we significantly reduce lead times, allowing for quick turnarounds without compromising quality.

Furthermore, we provide comprehensive post-processing services, including surface finishing and assembly, to deliver fully finished components ready for immediate use. Our stringent quality control measures guarantee that each part meets the highest industry standards.

By choosing our CNC milling services, clients benefit from a reliable partnership that prioritizes precision, efficiency, and exceptional service. Let us help you bring your designs to life with our advanced machining capabilities.

Products Description:

Quotation	According to your drawing(size, material, thickness,processing content, and required technology, etc)	
Drawing Formats	PRO/E, Auto CAD, Solid Works , UG, CAD / CAM / CAE, PDF	
Tolerance Surface Roughness	0.01- +/-0.005mm Ra0.2 - Ra3.2(Customize available)	
Service	CNC Machining, CNC Millin,CNC Turning,345-axis machining, Drilling, Grinding	
	metal laser cutting, welding,Wire-EDM Cutting, Stamping, Bending	
	3D printing,Die Casting, Extrusion, Injection Molding,Silicone Vacuum	
	24 hours online service & Quickly Quote/Delivery. 2.) 100% QC quality inspection before delivery, and can provide quality	
Available materials	Steel: carbon steel, alloy steel, stainless steel, 4140,20#,45#, 40Cr,20Cr ,etc	
	Aluminum: AL6061,AL6063,AL6082,AL7075,AL5052 etc.	
	Stainless steel: 201SS,301SS,304SS,316SS etc.	
	Brass: C37700,C28000, C11000,C36000 etc	
Surface treatment:	Plastics: PTFE,PEEK,POM,PA,UHMW, NYLON	
	Stainless Steel	Brushed and Polishing, Passivating, Sandblasting, Laser engraving, Gold Plating Etc.
	Steel	Zinc plating, Oxide black, Nickel plating, Chrome plating, Carburized, Powder Coated
	Aluminum Parts	Clear Anodized, Color Anodized, Sandblast Anodized, Chemical Film, Brushing, Polishing, Powder Coated, Nickel Plated Etc.
	Plastic	Plating gold (ABS), Painting, Brushing (Acrylic), laser engraving

23+ years
CNC MACHINING
OEM / ODM SERVICE

3 Different factories
50,000 Square meters building
300⁺ Employee

1. OEM / ODM Service
2. Design/Technician/QA/QC to support
3. Quality Certification
4. Automatic Production & High Efficiency

WORKSHOP

OEM/ODM AVAILABLE

Verified

Customers Worldwide

Products are shipped to over 100 countries and regions around the world for OEM and ODM customers as well as own brand.

INDUSTRIAL MAN

If you have any ideas

we can make it come true

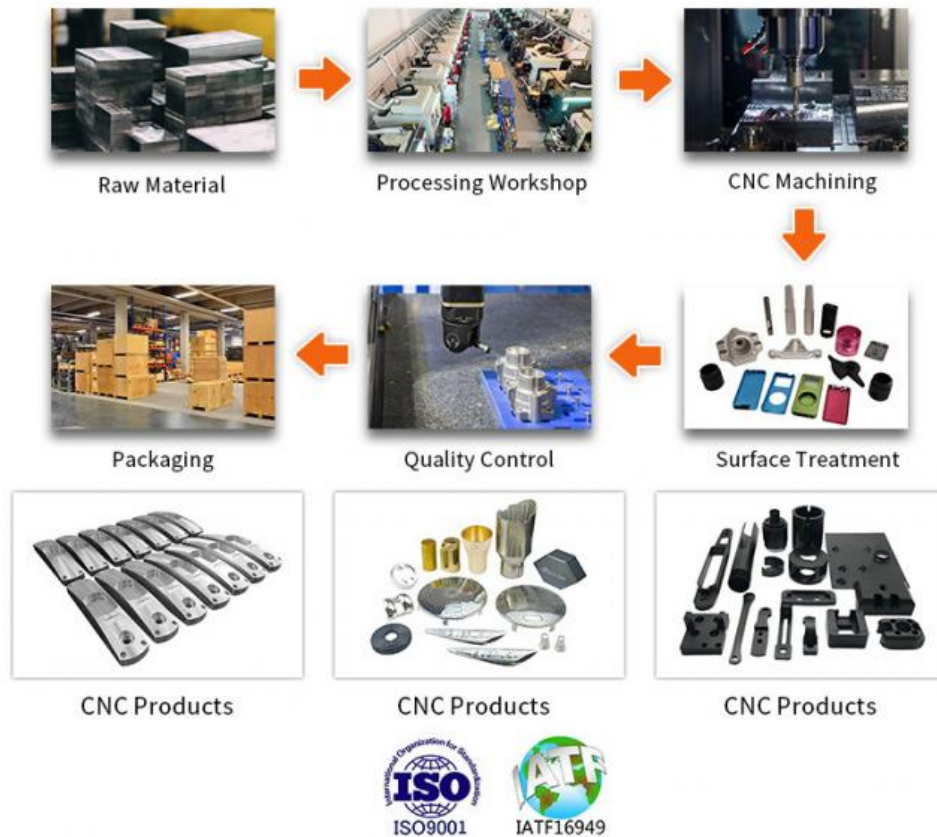

One stop machining service factory

Hi Sylvia,

Good news, the products are perfect; we would like to order 700 sets of products; can you send me an invoice ?

With best regards,

the products are perfect

Hi Sylvia,

We first try to get a good price in the Netherlands.

The best way seems to order the most parts via 247 steel, we are still looking for a welder !
I let you know later this week.

NB thanks for the other aluminium products; they look great and fit well together

With best regards,

they look great and fit well together

FAQ

Q1: Are you direct manufacturer ?

A1: Yes, We are CNC parts manufacturer in ShenZhen, GuangDong.

Q2: How to enjoy the OEM services?

A2: Usually, base on your design drawings or original samples, we give some technical proposals and a quotation to you, after your agreement, we produce for you.

Q3: Will my drawings be divulged if you benefit?

A3: No, we pay much attention to protect our customers' privacy of drawings, signing NDA is also accepted if need.

Q4: How about the lead time?

A4: Generally, 1-2 weeks for samples, 3-4 weeks for mass production.

Q5: Can we know the production process without visiting the factory?

A5: We will offer detailed production schedule and send weekly reports with digital pictures and videos which show the machining progress.
