

Steel Alloys CNC Turning Machining Parts for Customer's Request

Our Product Introduction

for more products please visit us on lathecncmachining.com

Basic Information

- Place of Origin: Guangdong, Shenzhen
- Brand Name: INDUSTRIAL-MAN
- Model Number: OEM

Product Specification

- CNC Machining Or Not: CNC Machining
- OEM/ODM: Accepted
- Drawing Format: STP . STEP . IGS . PRT . X_T
- Surface Treatment: Customer's Request
- Type: Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Turning, Wire EDM, Rapid Prototyping
- Product Name: CNC Turning Machining Parts
- Highlight: **steel alloy CNC turning parts,
custom CNC machining parts,
precision CNC turning components**

Product Description

Steel Alloys CNC Turning Machining Parts for Customer's Request

Product Attributes

Our Product

Attribute	Value
CNC Machining or Not	CNC Machining
OEM/ODM	Accepted
Drawing Format	STP . STEP . IGS . PRT . X_T
Surface treatment	Customer's Request
Type	Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Turning, Wire EDM, Rapid Prototyping
Product Name	CNC Turning Machining Parts

Product Description

Our CNC Machining Turning Parts are designed to meet your specific requirements and exceed your expectations. Manufactured using state-of-the-art technology and precision equipment, we ensure the highest level of accuracy and quality for both standard and custom CNC machining parts.

Utilizing advanced CNC machining technology, we produce parts with tight tolerances and intricate designs, resulting in highly durable and reliable components. We offer samples of our CNC machining turning parts so you can verify quality before committing to larger orders.

Surface treatment options are customized based on customer requests, ensuring parts meet your exact specifications. Our CNC turning machining parts are versatile and suitable for various applications including broaching, drilling, etching, laser machining, milling, wire EDM, and rapid prototyping.

With a quick turnaround time of 3-5 days, we ensure prompt delivery to keep your projects on schedule.

Features

Product Name: CNC Turning Machining Parts

Place of Origin: Guangdong, Shenzhen

MOQ: 1 Piece

Tolerance: 0.01- +/-0.005mm

Sample: Available

Brand Name: INDUSTRIAL-MAN

Technical Parameters

Parameter	Value
Place of Origin	Guangdong, Shenzhen
Delivery Time	3-5 Days
Sample	Available
Material Capabilities	Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys
Tolerance	0.01- +/-0.005mm
Micro Machining or Not	Micro Machining
Certification	IATF 16949: 2016/ISO 9001:2015
Drawing Format	STP . STEP . IGS . PRT . X_T
Equipment	3/4/5 Axis Center Machining
CNC Machining or Not	CNC Machining

Applications

Industrial Man's OEM CNC Turning Machining Parts are ideal for applications requiring precision and quality across various industries including aerospace, automotive, and electronics. With IATF 16949:2016 and ISO 9001:2015 certifications, these parts guarantee consistent performance and reliability.

The flexible surface treatment options and micro machining capabilities allow for intricate details and customization. Equipped with 3/4/5 Axis Center Machining capabilities, these parts efficiently handle complex geometries for demanding applications from prototyping to mass production.

Support and Services

Comprehensive troubleshooting assistance for operational issues

Guidance on setup, programming, and performance optimization

Tooling selection and maintenance recommendations

Operator training sessions

Regular maintenance and inspection services
