

Stainless Steel CNC Turning Machining Parts with IATF 16949 2016/ISO 9001 2015 Certification and 3/4/5 Axis Center Machining

Our Product Introduction

for more products please visit us on lathecnmachining.com

Basic Information

- Place of Origin: Guangdong, Shenzhen
- Brand Name: Industrial Man
- Certification: IATF 16949: 2016/ISO 9001:2015
- Model Number: OEM

Product Specification

- OEM/ODM: Accepted
- Product Name: CNC Turning Machining Parts
- Drawing Format: STP . STEP . IGS . PRT . X_T
- MOQ: 1 Piece
- Equipment: 3/4/5 Axis Center Machining
- Type: Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Turning, Wire EDM, Rapid Prototyping
- Highlight: **Stainless Steel CNC Turning Parts, IATF 16949 certified machining parts, 5 axis CNC turning components**

Product Description

Stainless Steel CNC Turning Machining Parts with IATF 16949 2016/ISO 9001 2015 Certification and 3/4/5 Axis Center Machining

Product Attributes

Our Product

OEM/ODM	Accepted
Product Name	CNC Turning Machining Parts
Drawing Format	STP . STEP . IGS . PRT . X_T
MOQ	1 Piece
Equipment	3/4/5 Axis Center Machining
Type	Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Turning, Wire EDM, Rapid Prototyping

Product Description

Our CNC Turning Machining Parts offer high-quality custom solutions for your projects. With advanced equipment and expertise in CNC machining, we provide top-notch products that meet your exact specifications and requirements.

We specialize in OEM and ODM services, offering tailored solutions for unique designs or modifications to existing parts. Our team is ready to assist you through every step of the process.

Manufactured using state-of-the-art 3/4/5 axis center machining equipment, our parts achieve exceptional precision and accuracy. We can produce complex shapes, intricate details, and maintain tight tolerances of 0.01- +/-0.005mm for applications where accuracy is paramount.

Our material capabilities include aluminum, brass, bronze, copper, hardened metals, precious metals, stainless steel, and steel alloys. We select materials based on your specific requirements for durability, corrosion-resistance, or mechanical properties.

Features

Product Name: CNC Turning Machining Parts

Tolerance: 0.01- +/-0.005mm

Surface treatment: Customer's Request

MOQ: 1 Piece

Certification: IATF 16949: 2016/ISO 9001:2015

OEM/ODM: Accepted

Technical Parameters

Place of Origin	Guangdong, Shenzhen
Micro Machining or Not	Micro Machining
CNC Machining or Not	CNC Machining
Tolerance	0.01- +/-0.005mm
Surface treatment	Customer's Request
Equipment	3/4/5 Axis Center Machining
Certification	IATF 16949: 2016/ISO 9001:2015
OEM/ODM	Accepted
Drawing Format	STP . STEP . IGS . PRT . X_T
Material Capabilities	Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys

Applications

Our CNC Turning Machining Parts are versatile components suitable for a wide range of industrial applications. Manufactured in Guangdong, China, these precision parts meet the highest industry standards.

Ideal for applications involving broaching, drilling, etching/chemical machining, laser machining, milling, wire EDM, and other machining services, these parts deliver reliable performance for both rapid prototyping and production purposes.

Samples are available for evaluation, with quick delivery times of 3-5 days to help meet tight project deadlines.

Support and Services

- Comprehensive troubleshooting assistance for any issues
- Guidance on proper maintenance and care for optimal performance
- Recommendations for upgrades or enhancements to improve efficiency
- Training resources and documentation to maximize capabilities
