

Wire EDM CNC Turning Machining Parts for IATF 16949 2016/ISO 9001 2015 Certification and Customized Steel Alloys

Our Product Introduction

for more products please visit us on lathecnmachining.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Industrial Man
- Model Number: OEM

Product Specification

- CNC Machining Or Not: CNC Machining
- Material Capabilities: Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys
- Sample: Available
- Drawing Format: STP . STEP . IGS . PRT . X_T
- OEM/ODM: Accepted
- Type: Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Turning, Wire EDM, Rapid Prototyping
- Micro Machining Or Not: Micro Machining
- Product Name: CNC Turning Machining Parts
- Highlight: **Wire EDM CNC turning parts,**

Product Description

Wire EDM CNC Turning Machining Parts for IATF 16949 2016/ISO 9001 2015 Certification and Customized Steel Alloys

Our Product Introduction

Product Attributes

Attribute	Value
CNC Machining or Not	CNC Machining
Material Capabilities	Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys
Sample	Available
Drawing Format	STP . STEP . IGS . PRT . X_T
OEM/ODM	Accepted
Type	Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Turning, Wire EDM, Rapid Prototyping
Micro Machining or Not	Micro Machining
Product Name	CNC Turning Machining Parts

Product Description

Our Custom CNC Machining Parts, specifically CNC Turning Machining Parts, offer high-quality precision components with a minimum order quantity of just 1 piece. Our state-of-the-art CNC lathe turning process ensures accuracy and consistency for both small-scale and large-scale projects.

We provide surface treatment customization based on customer requests, offering finishes for enhanced durability, corrosion resistance, or aesthetic appeal. Our precision CNC lathe turning process handles intricate micro components and complex geometries with exceptional accuracy.

Samples are available upon request to evaluate quality and suitability. Our CNC Turning Machining Parts serve diverse industries including aerospace, automotive, electronics, and medical devices for prototypes, production runs, or replacement parts.

Features

Product Name: CNC Turning Machining Parts

MOQ: 1 Piece

Sample: Available

Micro Machining or Not: Micro Machining

Type: Broaching, DRILLING, Etching/Chemical Machining, Laser Machining, Milling, Other Machining Services, Turning, Wire EDM, Rapid Prototyping

Technical Parameters

Place of Origin	Guangdong, Shenzhen
Surface treatment	Customer's Request
OEM/ODM	Accepted
Sample	Available
Product Name	CNC Turning Machining Parts
Certification	IATF 16949: 2016/ISO 9001:2015
Brand Name	INDUSTRIAL-MAN
CNC Machining or Not	CNC Machining
MOQ	1 Piece
Material Capabilities	Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys

Applications

Our CNC Turning Machining Parts serve diverse industries including automotive, aerospace, medical, electronics, robotics, telecommunications, and defense. With a quick 3-5 day delivery time and compatibility with multiple drawing formats (STP, STEP, IGS, PRT, X_T), they're ideal for urgent projects.

The parts support various machining services including broaching, drilling, etching/chemical machining, laser machining, milling, turning, wire EDM, and rapid prototyping. With tight tolerance range of 0.01- +/- 0.005mm, they ensure precision for both simple components and complex assemblies.

Support and Services

We provide comprehensive technical support including product-related inquiries, troubleshooting, and maintenance assistance. Additional services include training programs, customization options, and on-site support to meet specific customer requirements.
