

Precision CNC Machining Parts with 0.01-0.05mm Tolerance Titanium Aluminum 6061 T6 7075 for Rapid Prototyping

Our Product Introduction

for more products please visit us on lathecncmachining.com

Basic Information

- Place of Origin: China
- Certification: ISO9001: 2015
- Minimum Order Quantity: 1
- Price: \$0.39-0.99

Product Specification

- Equipment: 1.6 Meters Lager CNC Metal Machine, 3/4/5 Axis CNC Machine
- MOQ: 1 Piece
- Tolerance: 0.01-0.05mm
- Drawing Format: 2D/(PDF/CAD) 3D(IGES/STEP)
- Delivery Time: 3-10 Days
- Processing Method: Turning, Drilling, Rapid Prototyping, Wire EDM
- Product Type: CNC Aluminum Alloy Parts
- Material: Aluminum Alloy: 5052/6061/6063/7075 Etc,
Brass Alloy: 3602/2604/h59/h62/etc,
Stainless Steel Alloy: 303/304/316/412/etc,
Steel Alloy: Carbon/Die Steel/etc, Other
Special Materials: Lucite/Nylon/Bakelite/etc,
Plastic, Wood, Silicone, Rubber

Product Description

OEM Customized Low Volume Rapid Prototyping Precision Titanium Aluminum 6061 T6 7075 Anodizing Color CNC Machining Product Parts

Our Product

Our Manufacturing Capabilities

Service	CNC Precision Milling Machining, CNC Precision Turning Machining, Rapid Prototyping, Plastic Injection Mould, Metal Stamping, Die Casting, Silicone And Rubber Mould, Aluminum Extrusion, Mould Fabrication
Material	Aluminum Alloy: 5052/6061/6063/7075 etc Brass Alloy: 3602/2604/h59/h62/etc Stainless Steel Alloy: 303/304/316/412/etc Steel Alloy: Carbon/Die Steel/etc Other Special Materials: Lucite/Nylon/Bakelite/etc Plastic, Wood, Silicone, Rubber, or as per customer requirements
Surface Treatment	Anodizing, Sandblasting, Painting, Powder coating, Electroplating, Silk Printing, Brushing, Polishing, Laser Engraving
Drawing Format	X_T/jpg/pdf/dxf/dwg/igs/stp/step/stl, etc
Service Project	Project design, production and technical service, mould development and fabrication
Testing Equipment	Digital Height Gauge, caliper, Three Coordinate measuring machine, projection machine, roughness tester, hardness tester
Quality Assurance	ISO9001:2015 Certified TUV
Packing	Foam, Carton, Wooden boxes, or as per customer requirements
Delivery	DHL, FEDEX, UPS, TNT, EMS, SF or according to customer requirements

Company Profile

SHENZHEN INDUSTRIAL-MAN RP&M CO.LTD

INDUSTRIAL-MAN has been a pioneer of additive manufacturing and prototyping expertise for over 18 years. Our in-house workshop encompassing the latest rapid prototyping technologies and low volume production capabilities is an integral part of advanced manufacturing for new product development. The ability to produce accurate parts at a low cost is essential for proof of concept and component testing before more significant tooling investment is required.

INDUSTRIAL-MAN owns nearly 60 sets of machines including 5-Axis CNC Milling Machine from Germany, 3D Laser Rapid Printer from USA, precise CNC Machines, 3D Testing Quality Machine and other hi-tech equipment. We offer services for automotive parts, medical, electronics, communication industries with annual automotive output exceeding 50 million units.

Packing & Delivery

Packing

All parts are checked before delivery, wrapped with white paper, foam and air bubble sheet, then packed into Industrial-man custom-made carton or wooden box.

Delivery

We use common international express services (DHL/UPS/Fedex). For fastest delivery, we offer official express service (1-2 days vs normal 3-4 days). Customers may also use their own express account.

Frequently Asked Questions

Q: Are you trading company or factory?

A: We are manufacturer with our own factory. Welcome to visit our facility.

Q: How can I get the quotation? What information do I need to provide?

A: Please provide:

2D drawings (PDF,DWG,DXF) or 3D files (STEP,STP,IGS)

Material requirements

Surface finishing specifications

Quantity needed

Any additional requirements

Q: What customization services do you offer?

A: We specialize in:

CNC machining, milling, turning

Sheet metal fabrication

Die casting and vacuum casting

Plastic injection molding

Forging and 3D printing

Laser engraving, silk printing, CNC engraving, etching

Q: What if I receive defective parts?

A: Send photos of defective parts immediately. We will investigate with our engineering and QC teams, providing solutions within 24 hours. We will reproduce and reship any defective parts at no additional cost.

Q: What packaging options do you offer?

A: Small products are packed in standard export cartons with soft foam. Larger/heavier items receive foam wrapping and wooden cases. We accommodate special packaging requests.
