

Maximize Your Output with Customizable 3D Printing Solutions and $\pm 0.1\text{mm}$ Tolerance

Our Product Introduction

for more products please visit us on lathecnmachining.com

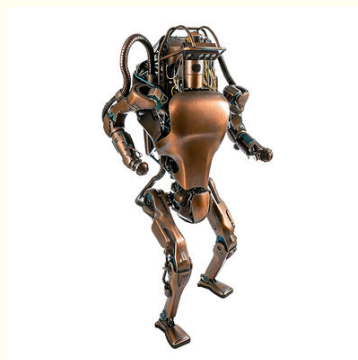

Basic Information

- Brand Name: Industrial Man
- Model Number: OEM

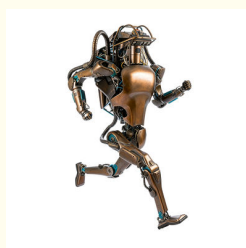

Product Specification

- Lead Time: 1-2 Weeks
- File Formats Accepted: STL, OBJ, STEP, IGES, And More
- Customization Options: Size, Color, Design
- Material Capabilities: Nylon, ABS, Rubber, Resin, Plastic
- Type: Rapid Prototyping
- Quality Control: Inspection And Testing
- Tolerance: $\pm 0.1\text{mm}$
- Color Options: Multiple Colors Available
- Highlight: customizable plastic 3D printing service, high precision 3D printing with warranty, $\pm 0.1\text{mm}$ tolerance 3D printing solutions

Product Description

Maximize Your Output with Customizable 3D Printing Solutions and $\pm 0.1\text{mm}$ Tolerance

Our Product Introduction

Product Description

Our Plastic 3D Printing Service offers a cutting-edge solution for your prototyping and manufacturing needs. Utilizing advanced 3D printing technology, we transform digital designs into high-quality plastic prototypes with precision and efficiency.

- Wide range of color options available for complete customization
- Exceptional precision with minimum detail size of 0.1 mm
- Rapid prototyping with 1-2 week lead time
- Comprehensive material options including Nylon, ABS, Rubber, and Resin
- Full customization of size, color, and design

Technical Parameters

Parameter	Specification
Material Capabilities	Nylon, ABS, Rubber, Resin, Plastic
Customization Options	Size, Color, Design
Tolerance	±0.1mm
Build Volume	Up To 1000mm × 1000mm × 1000mm
Lead Time	1-2 Weeks
File Formats Accepted	STL, OBJ, STEP, IGES, And More

Applications

Our Plastic 3D Printing Service is ideal for various industries and applications, providing rapid prototyping services for efficient product development:

- Custom parts for machinery and equipment
- Consumer product design and testing
- Automotive component prototyping
- Medical device development
- Visual prototypes for presentations

Customization Options

We offer comprehensive customization for your 3D printing needs:

- Brand:** Industrial Man
- Model:** OEM
- Origin:** Guangdong
- Color Options:** Multiple Colors Available
- Build Volume:** Up To 1000mm × 1000mm × 1000mm
- Materials:** Stainless Steel, Aluminum

Technical Support & Services

Our comprehensive support ensures optimal results from your 3D printing projects:

- Troubleshooting assistance for printing issues
- Optimization guidance for print settings
- Material and color selection recommendations
- Maintenance tips for equipment longevity
