

High Precision Plastic 3D Printing Service with $\pm 0.1\text{mm}$ Tolerance and 0.1mm Minimum Detail Size for Rapid Prototyping

Our Product Introduction

for more products please visit us on lathecnmachining.com

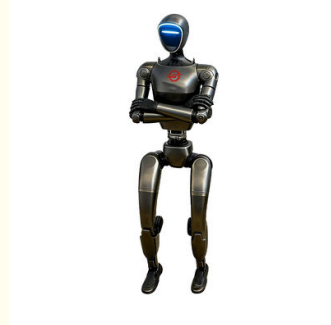

Basic Information

- Brand Name: Industrial Man
- Model Number: OEM

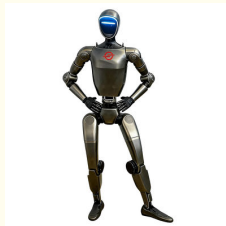

Product Specification

- Tolerance: $\pm 0.1\text{mm}$
- Quality Control: Inspection And Testing
- Support Structures: Yes
- Material Capabilities: Nylon, ABS, Rubber, Resin, Plastic
- Customization Options: Size, Color, Design
- Port: Shenzhen
- Minimum Detail Size: 0.1 Mm
- Color Options: Multiple Colors Available
- Highlight: $\pm 0.1\text{mm}$ Tolerance Plastic 3D Printing Service,
0.1mm Minimum Detail Size 3D Printing Service,
1-2 Weeks Lead Time Rapid Prototyping Service

Product Description

Upgrade Your Manufacturing Process with Tolerance $\pm 0.1\text{mm}$ 3D Printing Technology Multiple Color Options

Product Description

Our Plastic 3D Printing Service delivers high-quality plastic products with precision and efficiency using advanced 3D printing technology. We work with various materials including Nylon, ABS, Rubber, Resin, and other plastics, offering extensive color customization options to match your branding or aesthetic requirements.

Specializing in Resin 3D Printing, we achieve exceptional detail and surface finish, producing intricate designs with stunning clarity. Our service maintains a minimum detail size of 0.1mm and a tolerance of $\pm 0.1\text{mm}$, ensuring accurate replication of even the most complex features.

This cost-effective solution is ideal for prototypes, small-scale production, and custom parts, combining speed with precision to meet diverse

Our Product Introduction

manufacturing needs.

Key Features

Product Name: Plastic 3D Printing Service
 Port: Shenzhen
 Support Structures: Yes
 Customization Options: Size, Color, Design
 Build Volume: Up To 1000mm × 1000mm × 1000mm
 Highlight: [Resin 3D Printing Service](#)

Technical Parameters

Quality Control	Inspection And Testing
Type	Rapid Prototyping
Support Structures	Yes
Build Volume	Up To 1000mm × 1000mm × 1000mm
Customization Options	Size, Color, Design
Tolerance	±0.1mm
Material Capabilities	Nylon, ABS, Rubber, Resin, Plastic
Color Options	Multiple Colors Available
Port	Shenzhen
Lead Time	1-2 Weeks

Applications

Our Plastic 3D Printing Service is ideal for creating precise plastic parts across industries including electronics and automotive. With 0.1mm detail resolution and support structures, we ensure product integrity for:

- Prototyping new product designs
- Functional prototype creation
- Small batch customized components
- End-use part manufacturing

Located in Shenzhen for efficient logistics, our service combines innovation with precision to bring your ideas to life.

Customization Options

Brand Name: Industrial Man
 Model Number: OEM
 Place Of Origin: Guangdong
 Lead Time: 1-2 Weeks
 Highlight: [Resin 3D Printing Service](#)
 Customization Options: Size, Color, Design
 Tolerance: ±0.1mm
 Minimum Detail Size: 0.1mm

Support and Services

Our comprehensive technical support includes troubleshooting, maintenance, and design optimization guidance throughout the 3D printing process. Our expert team is committed to helping you achieve optimal results with:

- Technical question resolution
- Process troubleshooting
- Design optimization advice
- Ongoing maintenance support
