

Affordable Plastic 3D Printing Service with Build Volume Up To 1000mm X 1000mm X 1000mm and Precision 0.1 mm for Rapid Prototyping

Our Product Introduction

for more products please visit us on lathecnmachining.com

Basic Information

- Brand Name: Industrial Man
- Model Number: OEM

Product Specification

- File Formats Accepted: STL, OBJ, STEP, IGES, And More
- Build Volume: Up To 1000mm X 1000mm X 1000mm
- Support Structures: Yes
- Color Options: Multiple Colors Available
- Type: Rapid Prototyping
- Customization Options: Size, Color, Design
- Lead Time: 1-2 Weeks
- Material Capabilities: Nylon,ABS,Rubber,Resin,Plastic
- Highlight: **Build Volume Up To 1000mm X 1000mm X 1000mm Plastic 3D Printing Service**
, Precision 0.1 mm Plastic 3D Printing Service,
Lead Time 1-2 Weeks Plastic 3D Printing Service

Our Product Introduction

Product Description

Affordable Plastic 3D Printing Service with Customization Options

High-Quality Rapid Prototyping Solution

Our Plastic 3D Printing Service delivers high-quality plastic parts with precision and efficiency, ideal for industries requiring cost-effective prototyping solutions. Achieve intricate designs with a minimum detail size of 0.1mm for prototypes that closely resemble final products.

Key Features

Material Options: Stainless Steel, Aluminum, Nylon, ABS, Rubber, Resin

File Formats: STL, OBJ, STEP, IGES, and more

Color Options: Multiple colors available

Build Volume: Up to 1000mm × 1000mm × 1000mm

Lead Time: 1-2 weeks

Precision: ±0.1mm tolerance

Technical Specifications

Parameter	Specification
Lead Time	1-2 Weeks
File Formats	STL, OBJ, STEP, IGES
Port	Shenzhen
Quality Control	Inspection and Testing
Support Structures	Yes
Type	Rapid Prototyping

Applications

Our service is ideal for product development, testing, and presentation purposes across various industries. The combination of material versatility, color options, and large build volume makes it suitable for both functional prototypes and final product components.

Customization Options

We offer comprehensive customization including size, color, and design modifications to meet your specific requirements. Our service supports plastic prototype manufacturing, 3D printing services, and plastic product manufacturing needs.

Support & Services

Our expert team provides comprehensive technical support including troubleshooting, design optimization guidance, and material recommendations. We're committed to ensuring you achieve the best possible results from our 3D printing service.
